HOSSAM MOHAMMED TARFAIA ALI

Human AI Trainer & Evaluator | AI Engineer (LLMs · RAG · Agents) | Full-Stack Developer

Cairo, Egypt • +20 115 779 8544 • hm2111@fayoum.edu.eg

PROFESSIONAL SUMMARY

Detail-oriented **Human AI Trainer and Evaluator** with a Mechanical & Industrial Engineering degree and **5+ years** building AI systems, full-stack applications, and automation. Brings an engineer's precision to **reviewing and evaluating AI output** across text, code, images, video, and translations — spotting errors, inconsistencies, and reasoning flaws, following detailed guidelines exactly, and rewriting AI-generated content into natural, human-quality language. Hands-on with **LLM APIs (OpenAI, Claude, Gemini), prompt engineering, AI agents, and RAG**, plus ML with **scikit-learn, TensorFlow, and PyTorch**, and full-stack development in **React, Next.js, TypeScript, and Node.js**. Native **Arabic (Modern Standard & Egyptian)**, professional **English (C1)**, and working **German (B1)** — ready to contribute to STEM, coding, and Arabic-language AI training projects with high accuracy and independent remote work.

AI TRAINING & EVALUATION SKILLS

- Evaluating AI output: text, code, images & video
- Detecting errors, inconsistencies & reasoning flaws
- Following detailed guidelines & rubrics precisely
- Rewriting AI text into natural, human-quality language
- Translation quality review (Arabic · English · German)
- Visual observation & image description
- Writing challenging prompts for STEM & coding
- Research, fact-checking & information analysis
- Quality control & attention to detail
- Independent remote work & time management

TECHNICAL SKILLS

AI & LLMs	OpenAI · Claude · Gemini APIs · Prompt engineering · AI agents · LangChain · RAG · AI workflow design
Machine Learning	scikit-learn · TensorFlow · PyTorch · data pipelines · data governance & quality control
Programming	Python · TypeScript · JavaScript · Java · C · SQL
Frontend	React · Next.js · TypeScript · responsive web design
Backend & Data	Node.js · Express · REST APIs · MySQL · PostgreSQL · MongoDB · Firebase
Automation	n8n · Zapier · CRM systems · analytics dashboards · API integrations
STEM & Engineering	Mechanical & industrial engineering · process optimization · systems design · operations management
Languages	Arabic (Native) · English (Professional, C1) · German (Intermediate, B1) · French (Basic, A2)

PROFESSIONAL EXPERIENCE

AI Systems & Integration Engineer
Mar 2025 – Present

VISTEL (Visionary Intelligence Ltd.) — China / MENA

- Integrate **AI-based retinal screening systems** into hospital environments across **Egypt and Turkey**, supporting real-world clinical deployment.
- Design data pipelines and integration workflows powering clinical AI platforms.
- Act as technical liaison between **European R&D teams** and **MENA health authorities**, aligning technical and regulatory requirements.
- Established **data governance processes** enabling regulatory compliance of AI tools in healthcare.

Head of Digital Projects & Automation
2022 – 2024

TechDeutsch Academy — Germany

- Architected automated learning systems with CRM integration and analytics tracking.
- Built content-delivery infrastructure that scaled the platform **from hundreds to thousands of users**.
- Reduced manual processing time by **~40%** through n8n and Zapier automation.
- Led technical teams across product, engineering, and marketing.

Automation & Systems Architect
2021 – 2023

Visionweg | VisaWelt | TransIt — Europe / GCC

- Designed a **unified automation system** managing operations across multiple countries.
- Developed real-time tracking tools and workflow systems for cross-border teams.
- Delivered CRM integrations and performance dashboards used daily by operations staff.

Co-Founder & Systems Architect

2020 – Present

Wasel Team — Egypt / Europe

- Built CRM systems, management dashboards, and operational tracking tools from the ground up.
- Engineered digital workflows for international workforce deployment and document-compliance verification.

KEY PROJECTS

Workforce Automation Platform

Germany–MENA Healthcare Recruitment

- Automated candidate review, document verification, and compliance tracking; standardized workflows drove a **placement success rate above 90%**.

E-Learning Digital Infrastructure

TechDeutsch Academy

- Built learning pipelines, CRM integrations, and analytics dashboards; the platform scaled to thousands of users **without added manual operations**.

Large-Scale Construction Operations

Mostakbal City — Egypt

- Supervised **80 million m^3** excavation contracts, managing contractor logistics, supply scheduling, and operational tracking.

EDUCATION

B.Sc. Mechanical Engineering (Industrial Systems Focus) — Fayoum University, Egypt

CERTIFICATIONS

- Machine Learning Specialization — Andrew Ng, Coursera (2024)
- AI For Everyone — Andrew Ng, Coursera (2024)
- n8n Automation Fundamentals — n8n Academy (2024) • Zapier Automation Certification — Zapier Learn (2024)
- JavaScript Algorithms & Data Structures • Responsive Web Design — freeCodeCamp (2023)

INTERNATIONAL EXPOSURE

Project experience across 10 countries: Egypt, Germany, China, Saudi Arabia, UAE, Kuwait, Uganda, Zambia, Kazakhstan, and the United States.
